

New RST exhaust

Dear owners,

We have developed a brand new exhaust for the RST version.

it is now on stock and available.

We have gained about 10 HP, same noise, more torque, less temperatures

(-20 degree), less weight (-1 kg)

It is as well elegant and give now perfect access to the turbo / exhaust bolts. It requieres also changing the waste gate spring, as per the instructions given with the upgrade kit. Photos of this new exhaust will soon be released. For those interested, please contact us to reserve a unit.

Price is 300 Euros plus shipping.

R. CELIER
